Chulalongkorn University at a glance

Chulalongkorn University was named after King Rama V and was Thailand's first institution of higher learning. Officially founded in 1917, it was established to educate individuals for significant roles in the private and public sectors. Today, the university continues to strive for academic excellence in its teaching, research and service endeavors in all academic disciplines. As part of the international academic community, Chulalongkorn is taking a leading role in implementing educational collaboration to facilitate students learning. The university encourages faculty members and students at all levels to participate in international dialogue through educational exchanges.

As stated in the University's Vision "To take the lead in creating knowledge and innovations that will build and support a sustainable society." Chulalongkorn University is determined to produce graduates who are global citizens that are responsive to the current and future needs of society. The university also provides opportunities for learners everywhere in the country, ASEAN, and the world to join in this place of knowledge. As needed, assistance can be provided until graduation and students are encouraged to produce sustainable real-world impact innovations that will benefit society. New leading innovations will be incubated to foster knowledge, understanding, and direct experience in creating real innovations. The creations will be an inspiration of creativity for the next generation of innovators and be a means to use the university's capabilities to service society, providing swift solutions to social problems while staying competitive and relevant as an international university of the nation.

Chulalongkorn Business School

Since its inception in 1940, the Faculty of Commerce and Accountancy, or internationally known as the Chulalongkorn Business School, has become a leader in producing high quality graduates that will be successful and contribute greatly to the Thai as well as international business communities. Graduates are employed in the private as well as public sectors and non-profit enterprises. Grounded in strong theoretical as well as practical knowledge, the school is dedicated to producing individuals that excel in business decision making as well as ethical behavior.

Vision:

“A chief business school delivering life-changing experiences with innovative wisdom and a philanthropic spirit.”

Mission:

“CBS is committed to delivering innovative, internationally-oriented, and ethical leaders, impacting the community and advancing business-related knowledge”

The School has been accredited by the renowned international accreditation organizations from both the United State of America called AACSB International and the European organization called EQUIS. This proves the school maintains its high-quality teaching and research and the impactful contributions to society as well as excellent connection with the corporate world.

BBA International Program

The Bachelor of Business Administration (BBA) International Program is rigorous, selective and designed to equip students with the intellectual and professional tools needed to assume responsible positions in business organizations. The Program was established in 1996 to demonstrate educational commitment to Thailand, the Asia-Pacific region and the global community. The BBA International Program was the first undergraduate program taught entirely in English at Chulalongkorn University. The program is rigorously selective and designed to provide students with academic and professional “business tools”

BBA International Program produces graduates in one of the two specific areas of concentration:

1. The International Business Management major. This major has three fields of study: Financial Analysis and Investment, International Business, and Brand and Marketing Management. These fields of study focus on understanding trade development and the diversity of culture, and effective and competitive management in these environments.
2. The Accounting majors. This provides students with extensive knowledge of international accounting practices for modern business management.

Students have abundant opportunities to interact with international students and intern with multinational firms or organizations. In addition, students can fulfill some required courses by spending time abroad as exchange students.

Academic Life

Education System

An academic year will be divided into 2 semesters, which is the fall and the spring semester, and there will be one required summer semester. The credit means the unit that is used to represent the amount of education. Lecturing or any instruction that is equivalent to 1 hour per week throughout the whole semester or approximately 15 hours in a semester is as 1 academic credit, whereas courses with 30 and 45 hours or 2 hours and 3 hours per week are 2 credits and 3 credits courses respectively.

Academic Advisors

A group of students will be assigned to an academic advisor who will be supervising their students on students' academic progress, study plan, and other matters in the University life. Be sure to contact your advisor if you need any assistance or consultation.

The symbols for the Evaluation of the Study

The evaluation of each course shall be coded into different gradings that have the definition and attached points as follows:

Grade	Definition	Attached Points
A	Excellent	4.0
B+	Very Good	3.5
B	Good	3.0
C+	Fairly Good	2.5
C	Fair	2.0
D+	Poor	1.5
D	Very Poor	1.0
F	Fail	-
I	Incomplete	-
M	Missing	-
P	In Progress	-
S	Satisfactory	-
U	Unsatisfactory	-
V	Visitor	-
W	Withdrawn	-
X	No Report	-

Awarding of Honors

First Class Honors: Students have to fulfill the total credits in accordance with the curriculum and achieve the GPAX of 3.60 or above, given that there is no "F or U" in any courses taken

Second Class Honors: Students have to fulfill the total credits in accordance with the curriculum and achieve the GPAX of 3.25 or above, given that there is no "F or U" in any courses taken

Probation Status

- In the 2nd Semester, if the GPAX is less than 1.50, student status will terminate.
- If GPAX is 1.50-1.79 for two consecutive semesters, the status is Low Probation. Students must attain GPAX 1.80 on the 3rd Semester to maintain student status. If not, student status will terminate.
- If GPAX is 1.80-1.99 for 4 consecutive semesters, the status is High Probation. Student status can be maintained till the 4th semester. On the 5th semester, GPAX of 2.00 (min) is required. If not, student will be retired.

To graduate, a minimum GPAX of 2.00 is required

Class Attendance

On time attendance at class sessions is mandatory. Three late arrivals or missing more than half a class session is considered an absence. Students are responsible for material covered in any lectures missed, including changes in the class schedule or assignments. If attendance is less than 80%, students may not take the final exam and will receive an “F” for the course.

Class Materials

The Program will provide hard copies of class materials during 1-2 weeks in the beginning of the semester. Then most of the class materials in each course will be in electronic format in the regard of the environmental concern. The materials can be distributed via any preferable platforms in each course. Students should prepare tablets or laptops for the study, classroom activities, and access to the class materials or e-book. If the printed material is preferred in some case, students can go to the computer centers to print the documents (Printing quota for one student are 1,000 pages/year. Printing above the quota will cost the students 2 Baht per page)

Classroom Conduct

To ensure the best learning experience, students must maintain proper classroom conduct. Specifically, students should show respect to the professor, other students and themselves. Behaviors such as late arrival, talking in class, changing seats, leaving the classroom without permission, talking on phones, using electronic devices unnecessary during class all disrupt the learning environment.

Students who are late to class should not enter the classroom until the break. In classes with assigned seats, students should always sit in their assigned seat with their name card or be considered absent and not allowed to take course quizzes. Improper class conduct is subject to a grade penalty.

Unacceptable Classroom Behavior

BBA students who do not observe regulations and/or regularly disturb or interrupt class sessions will not be allowed to join the Exchange or Study Trip Programs. Repeat violators will be penalized for behavioral misconduct by academic probation, a one or two semester suspension, or expulsion from the University. Unacceptable behavior includes:

1. Violations of the dress code (see University Regulations, Principles & Announcements)
2. Talking, using phones, using laptops, listening to music or creating other disturbances or interruptions in class
3. Being late to class
4. Leaving a class mid-session without permission
5. Signing attendance lists for other students
6. Taking food or drinks into classrooms, library, computer laboratory or other University offices.

Sick leave for Examinations

If the students have to do the sick leave during the examination, students need to contact the BBA Office to submit the request to the Dean for the approval along with the medical certificate from the hospitals or medical centers. Note that the process and approval result may varies depending on the justification of the Dean based on the illness condition in each case.

Rules of Conduct for Students during Examinations

Unacceptable examination conduct includes:

- a) Possession of notes, phones, storage devices or any unauthorized documents during examinations in the room or elsewhere.
- b) Leaving notes or phones in a restroom or other area.
- c) Communicating with students in an examination room by signal, wireless, phone, note, voice or other.
- d) Looking at exam materials of other students or allowing others to look at their exam materials.

Students should understand the following examination rules:

- When a student cheats or is in suspicion of conducting a “fraudulent act” (see “Academic Misconduct...” below), the supervisory officer has the power to investigate the matter.
- Students more than 15 minutes late but less than 30 minutes late must fill in and sign the permission form for late entrance. Students more than 30 minutes late are not allowed to enter the examination room.
- Supervisory officers are required to have students who use the restroom fill out and sign the permission form. The form is enclosed in the examination envelope for the instructor.
- Students’ non-test related possessions must be placed per the supervisory officer’s instructions during examinations. All storage and communication devices such as mobile phones, pagers, laptops, music players, etc. must be turned off and placed

with the student's other non-test related possessions. They must not be in the student's possession at any time, including in restrooms.

- Students may only use simple calculators when such devices are permitted by the instructor. Sharing is never allowed.
- Instructors may ban any item where notes or unauthorized materials may be hidden such as pencil cases, water bottles, hats, jackets, etc. from the examination room.

Academic Misconduct - Definitions of & Punitive Actions for Cheating

BBA, the School and Chulalongkorn takes the matter of cheating on any graded work, including examinations, very seriously. Fraudulent behavior or misconduct is any act which inappropriately affects the evaluation of a student's academic performance or achievement. Fraudulent behaviors or misconduct includes:

- **Cheating:** any attempt to answer questions on a test, quiz or assignment by means other than by your own knowledge.
- **Plagiarism:** presenting someone else's work as your own or allowing another student to plagiarize or cheat from your work
- **Previously submitted work (multiple uses of the same work):** Submitting the same assignment in different courses without consent of the instructor.
- **Un-permitted collaboration:** working with others without the instructor's permission, for example on individual assignments.
- **Forged attendance:** indicating attendance for those not present such as signing other peoples' names to attendance forms
- **Fabrication:** using invented or false information or similar
- **Unapproved advantages:** using advantages not approved by the instructor (e.g., unauthorized review of a copy of an exam ahead of time)
- **Sabotage:** Preventing or attempting to prevent others from completing their work. This includes disrupting the work or efforts of others.

There are serious consequences to academic misconduct, including receiving an "F" on the work or examination, an "F" in the course and, in the most serious cases, suspension or expulsion from the University. All disciplinary actions become part of the student's permanent record. BBA encourages students to build self-respect and self-confidence by doing their own work in examinations and all other graded work. Remember, your integrity is more important than your academic record.

Student Login Accounts and Usages

Login accounts and emails will be given to students from the University and the Business School. Each account has a specific set up and usages with different platforms, emails, and systems to login. To give you a clarification, below is information you should know on each account.

Chula Account (@student.chula.ac.th)

This account is given to all University students at the beginning from the University's Office of Information Technology. The usages of this account are listed below:

- To use the internet/WIFI of the University

- Login to your Chula's email 644xxxxx26@student.chula.ac.th
- Login to the University's Office of Registrar website at <https://www.reg.chula.ac.th/> for the course registration
- Login to Blackboard Learn, a learning management system that will be used in many courses for content management, quizzes, announcements, etc. Any notification sent out from Blackboard, will go to students' Chula email. Students are suggested to check the email or auto-forward these emails to the one you frequently use, so you do not miss any information.
- Login to the CU-CAS course evaluation at <https://www.cas.chula.ac.th/cas/>. Students will need to evaluate the courses they enroll in each semester via CU-CAS system of the University. If students do not evaluate at the time specified, students will be disallowed to use the external internet network through the Chulalongkorn University System. The reminder email will be sent to students to do this evaluation.

CBS Google Account (@cbs.chula.ac.th)

The school provides organization email to all students (644xxxxx26@cbs.chula.ac.th) which is a Gmail. Students can simply get the email address and its login by submitting a request at getaccess.cbs.chula.ac.th

when the first semester starts in August.

The office will use this email as a channel of communication with students, so please make sure you set up this Gmail soon so you can get all essential information from the program on class timetable, exams, activities, etc. Vice versa, students should use this Gmail to communicate with the office, so the staff can identify you quickly and swiftly help you on your requests or inquiries.

Plenty of Google applications are also available for students to use via this Google accounts.

Petra Account (@acc.chula.ac.th)

This credential is used to login many in-house developed systems and network computers of the school. Students can simply get the email address and its login by submitting a request at getaccess.acc.chula.ac.th **when the first semester starts in August.** The usages of this account are listed below:

- Login to network computers in the computer centers, labs, of the school.
- **Petra system:** (student profiles, activity records, study plan checklist in this system)
- **BBA System** (course evaluation of BBA program, exchange program, ebook, internship)
- Use Microsoft 365 applications

CUNEX App

CUNEX application is an essential application for the Chulalongkorn University students. Students need to register to the application to get the student ID card and pay the tuition fee in each semester. Students can find the payment instruction and tuition fee balance to pay in the application. The app also contains news from the University, libraries service, promotions, and digital student ID card that can be used to access University's facilities. Note that the late tuition fee payment is subjected to a fine of THB 100 per day after the payment deadline but not over THB 3,000 in total and if students fail to do the course registration and pay the tuition fee within the first two weeks of the semester, the students will automatically lose their status. The re-status request will then need to be submitted and a fine of THB 2,000 will be charged.

Course Evaluations for BBA

Apart from the CU-CAS, which is a University's course evaluation system, each semester, students are to do the online course evaluation at the BBA System as well. The notification email will be sent to students when the online course evaluation is available. The steps below are the evaluation instruction:

- Go to BBA System at <https://student-bba.cbs.chula.ac.th/Account/Login.aspx>
- Login with your Petra Account (@acc)
- In the first semester of the first-year students, put 0 (zero) in the GPAX field. Do not leave the field blank.

All BBA students must complete this online evaluation in order to get the registration code for the next semester registration that will be sent via email.

Student Exchange Program

BBA Exchange Program Guidelines

A. Eligibility and Application

The Student Exchange Program is open to all 3rd and 4th year students in good academic standing and who have less than 30 marks in behavioral penalties. The exchange is typically for one semester.

All exchange applications must be processed through the BBA Office prior to the deadline date.

Exchange University selection is made by BBA based on availability and student suitability, achievements, and the quota that can be changed annually. All courses selected by a student must be approved by BBA to receive credit and for course credits to transfer.

1. The first step in applying is to visit the BBA Office for an overview of the requirements, to obtain more information and to review available universities and courses. Students must check all updated information by e-mail and follows the Exchange Application Process.

2. The selected students submit required documentation by the deadline.

3. Attend the session where students will be informed if they have been accepted for exchange.

4. BBA will check and submit the student's forms to the Exchange University. The Exchange University will send back an acceptance package and documentation to obtain a travel visa. Students must follow the instruction from the Exchange University carefully.

Note:

Students withdrawing from the Exchange Program after being accepted will not be allowed to participate in the future unless their reasons are judged genuine and compelling by BBA.

B. Banning the Exchange Program Study

The students who get deducted 30 or more penalty points will be sanctioned by preventing them from participating in the BBA exchange program.

C. Post-Exchange Semester

1. Students are responsible for delivering to the BBA Office, one complete transcript from the Exchange semester within one month after final exams at the Exchange University. If students want a personal copy, they must obtain one from the Exchange University.

2. Grades will be recorded as either Satisfactory "S" or Unsatisfactory "U". Only a grade that is equivalent to a letter grade of "C" or higher will be transferred as an "S" on the Chula transcript. A "U" grade will not be transferred nor counted for credit. A student receiving a "U" grade must retake the course. Grades earned from the Exchange semester will not be included when calculating GPAX.

3. Upon returning from the Exchange semester, all students must give a report about their Exchange University. This report allows future Exchange Students to apply to, attend and adapt to their Exchange University.

D. Study Abroad Program with Non-Exchange Partner Universities

Students can also study in universities that are not part of the regular exchange program. The BBA Office can supply information on the application process. (Note that tuition fees for Chula and the University abroad will apply.)

Internship Program

Internship Procedures (3rd year students)

All students majoring in International Business (IB) major and Brand and Marketing Management (BM) major are required to complete the Internship as a graduation requirement (internship is optional for other majors). During the third year of study, before starting the fourth year, students must complete an internship in a national or international business organization or government agencies. Students are encouraged to choose a workplace that matches their interests, or the type of job that could benefit their future careers. The areas of business in which students are allowed to have their internship include finance (FIN major), accounting (ACCTG major), marketing (IB or BM major), personnel management, production, sales management, transportation, import/export management, international affairs and general management. The choice of workplace is subject to the final approval by the course instructor(s).

Internship information's:

- The internship period is normally in the summer semester (June - July).
- Students must complete the required 240 working hours for the internship (excluding 12:00 – 13:00 hr.) to obtain credit from your Internship. Internship hours cannot be split into multiple periods. Many companies have a formal Internship program period for two months in order for students to get deeper knowledge and solid work experience.
- Students can either choose an organization or a company by yourself.
- Students Internship Program (SIP) of Bangkok Bank and CBA Chula cannot be counted as BBA Internship Program.

Internship Application Process:

Students are required to fill in an online application form. Follow these instructions strictly. Incomplete applications will be automatically rejected. There are 2 steps as follows:

Step 1: Fill the online application form:

1. Go to BBA System at <https://student-bba.cbs.chula.ac.th/Account/Login.aspx>
2. Login with your Petra Account (@acc)

Step 2: Submit the following documents to the BBA office by the deadline in either hard copies or electronic files:

- Completed internship application form. (In Step 1)
- An academic transcript with “**Certified True Copy**” and your signature.
- A current resume (CV). You can [Download Resume Template](#) here if you need one.
- A copy of the student ID card with “**Certified True Copy**” and your signature.
- A letter of acceptance from the company.

Note:

1. Students must complete and submit all required documents and information specified on the application form to the BBA Office by the deadline or the internship will be delayed.

After receiving the internship application form and documents from student, the BBA Office will issue an official letter and send it out with all documents to the relevant companies.

2. Internship package: Students will be given the internship package, which will include an official letter to company, the course outline, weekly journal form, evaluation form and outlines for doing the internship report before the internship starts. These documents must be completed and submitted according to instructions.

3. Students have to prepare a PowerPoint presentation to present the internship experience. The presentation will be about 30 minutes, to be followed by a question and answer session.

4. After the internship period is completed, students must have their supervision at their internship company completed. The evaluation form is included in the internship package.

Internship Evaluation:

The evaluation of the internship is based on four documents: (a) Evaluation Form; (b) Internship Report (c) PowerPoint Presentation and (d) Timesheet Report by internship. These four items must be submitted together to the BBA Office within one week after internship finishes.

1. **Evaluation Form:** The form should be given to the authorized person at the company (e.g. Supervisor, HR. Manager) and be delivered back to the BBA office within one week after completing the internship. Once the reminder is sent to a supervisor, it is solely the student’s responsibility to follow up with their supervisor and ensure that they fill out the evaluation.

The final deadline for submission of the summary and evaluation is a week before graduation. If your internship file is not complete by that time, your graduation will be delayed.

2. **Internship Report:** (All students) must submit the BBA supplied internship report. Students may request to see examples of internship reports from the BBA Office.

3. **PowerPoint Presentation:** Students have to prepare a PowerPoint presentation, highlighting the issues in the “Major Tasks” section. The presentation will be about 30

minutes, to be followed by a question and answer session. The presentation should be submitted in both hard and soft copy.

4. **Timesheet:** Students are required to submit the timesheet or hours worked from the company.

3. Student Grievance Policy

Purpose

The BBA International Program Student Grievance Policy is designed to promote honesty in and respect for the education process. This policy is applicable to all students, faculty and staff at BBA.

Policy

A BBA International Program student who wishes to file a grievance should first attempt an informal resolution to the issue directly with the student, instructor or staff involved. If informal resolution cannot be reached, the student may use the formal grievance procedure outlined under “Procedures”. There are three types of grievances:

(A) **Academic Grievances related:** grade disputes; academic dishonesty issues; faculty inaccessibility or unresponsiveness.

(B) **Non-Academic Grievances:** all other matters, such as schedules, fees, materials, property and similar administrative matters.

(C) **Safety and Learning Environment:** acts of violence, threat or intimidation; physical or verbal abuse or disruptive behaviors;

Note: It is the philosophy of BBA that the course instructor is the best judge of student performance and BBA administration will not interfere with that judgment. In a grievance involving grades, the administration will determine if the grade was arrived at fairly, i.e. that the same standards were applied to all students in a particular course.

Procedure

1) **Grievances:**

A. Academic Grievances: A student wishing to appeal

- i. a grade **or**,
- ii. dismissal from BBA because of insufficient academic progress,
- iii. **or** an action involving academic dishonesty, should first attempt an informal resolution directly with the instructor. If the grade/decision involves progress, graduation or dismissal, the student will also arrange to meet with the Director of the program.

- B. Non-Academic Grievances: Students wishing to appeal non-academic matters, such as decisions regarding property, scheduling, etc., should first attempt informal resolution by discussion with the faculty or staff involved.
- C. Safety & Learning Environment Grievances: A student with these types of grievances should immediately report them to the BBA office / Director. In these cases, BBA and the University reserve the right to take action as needed outside the normal procedures.
- 2) If no solution is reached in Step 1, the student, within 7 working days after failing to reach a resolution by informal resolution, should contact the Director by submitting a written detailed statement of the problem, including a summary of the results of Step 1 and the reason(s) for pursuing a grievance.
 - 3) The Director will gather and consider appropriate information. Should the Director deem it necessary, he/she has the option of convening and chairing a committee (comprised of at least 3 faculty members) to help evaluate the student's petition. Parties involved in the grievance may be interviewed and pertinent materials gathered and reviewed. The decision at this stage of the grievance will be made by the Director based on the facts that have been gathered.
 - 4) Within ten working days after completing the investigation, the Director will notify the student of the decision.
 - 5) Only after the decision by the BBA Director in step 4 may the decision be appealed. The appeal is to the Dean of the Commerce and Accountancy using this same process, with the grievance being submitted directly to the Dean. The Dean's decision will be final in all cases.

4. Personal Responsibility

Students should be responsible for their property at all times and should never leave belongings and valuables unattended as loss may result. This applies to classrooms, restrooms, eating locations, lockers and study areas. The best way to prevent loss or theft is to leave valuables at home.
