7. Credit Transfer and Regulations

According to Chulalongkorn University’s regulations, students are required to strict adherence to the following procedures:

- 7.1 Course registered at partner universities must be approved by the BBA Office or Office of International Affairs (OIA) before going abroad. You are required to contact the BBA or OIA for course equivalency/mapping process by sending a course description and syllabus. Just for the free elective courses only are not required for course mapping. Check here for the existed [Course Equivalency/Mapping](#).
- 7.2 Since a study plan can help students prepare course registration correctly before and after you go abroad, it is a student responsibility to work on their own study plan. You are suggested to prepare at least 3 study plans for making decision during an online exchange applications (3 rankings). This form must be approved and signed by the BBA Office or OIA in advance or before you apply online. Form can be downloaded here [Form Study Plan](#). The sequence of courses selection should base on course structure of your own batch. Check here for [Intake Manual & Course Structure](#).
- 7.3 The maximum number of credits can be transferred to Chulalongkorn University in one semester is 22 or 7 courses. Mostly, one course from partner universities will be awarded 3 credits (US system). While ECTS is a European system and it must be 4 ECTS to be equal to one Chulalongkorn 3 credit course.
- 7.4 Students need to receive a letter grade or a numeric grade only from partner universities. The minimum letter grade “C” or any equivalent for each course is also required so that your credits or courses can be transferred back to Chulalongkorn University. However, you will not receive letter grades on Chulalongkorn’s transcript but S/U instead: “S” (satisfactory) “U” (unsatisfactory). Also note that receiving “P” (Pass) and “S/U” from partner universities are not acceptable and credits/courses cannot be transferred at all. Since you will get S/U for the courses or credits earned from partner universities on Chulalongkorn’s transcript, calculation for GPA will not count. To avoid any problem in the future, students are strongly suggested to read [Credits Transfer Regulations](#) carefully.

Students are also responsible for rechecking the [Grading System](#) on our website as well as on partner universities website for up-to-date information as there might be some changes about grading system every semester. Or contact BBA or OIA if you have any questions or need additional information. Misreading is unacceptable excuse.
